MEMORANDUM FOR: Director of Central Intelligence

FROM: Deputy to the DCI for National Intelligence

SUBJECT: Dissemination of Interagency Intelligence Memorandum:
MONITORING A SALT TWO AGREEMENT

1. Action Requested: That the subject IIM be disseminated under a cover letter signed by you.

2. Background:

a. The subject memorandum has been coordinated and approved by the DCI Steering Group on Monitoring Strategic Arms Limitations, which is chaired by the DDCI and is composed of the DDI, D/DIA, and D/State/INR.

b. The memorandum was prepared by the Strategic Arms Limitations Monitoring Working Group under the auspices of the NIO for Strategic Programs. Most of the judgments have already individually been made available to the policy community. This is the first attempt to present a comprehensive assessment of the Intelligence Community's capability to monitor currently proposed provisions of a SALT TWO Agreement. The dissemination of this study to principals of NFIB and the SCC and to the working elements involved in SALT should be useful for SALT planning during the final stages of negotiations.

c. The memorandum will be issued in its present form. Major revised or additional assessments based on future developments in the negotiations or in intelligence capabilities will be issued as memoranda to holders. A final memorandum will be disseminated upon clarification of actual SALT TWO provisions.

3. Staff Position: The attached cover letter has been approved by the DCI Steering Group on Monitoring Strategic Arms Limitations.

4. Recommendation: That you sign the attached cover letter.
